**RECOMMENDATION:**

The Department recommends: ☐ Approval ☐ Denial

---

**Summary of Previous State Board of Education Discussion and Action:**

The State Board of Education has approved waivers relating to Federal Supplemental Educational Services under NCLB. Waiver Policy #02-02 was reviewed and approved at the September, 2002 meeting.

---

**Summary of Key Issue(s):**

The NCLB Act of 2001, Title I, Part A, Section 1116(e), Supplemental Educational Services requires districts with Program Improvement schools in years 2 and above under NCLB to provide supplemental services (tutoring and enrichment educational services) to low income students furthest away from meeting academic standards. Parents select a provider of services from a State Board of Education approved list of service providers. Section 1116(e)(10) contains the authority for a waiver of that requirement.

**This is a PLACEHOLDER, if districts submit waivers of this type, they will be brought to the Board on blue “last minute document” at the meeting, so that the Board will be able to act on such waiver requests. This is necessary because NCLB Section 1116(b)(10)(B) requires a 30 day written response to the district on the disposition of the waiver request.**

---

**Authority for the waiver:** NCLB, Title I, Part A, Section 1116(e)(10)

---

**Fiscal Analysis:** Undetermined at this time.

---

**Background Information:** Documentation will be presented at the SBE meeting.
